

We are
hiring

Innovation Manager

Clarilis liberates lawyers from complex manual drafting, so they can spend more time on the work they trained to do. We combine our market-leading automation platform with a team of professional support lawyers. Together they deliver deeply automated drafting for law firms and in-house counsel. Clarilis is a UK-based scale-up whose customers include the majority of large law firms in the UK and Ireland, together with customers in Canada, Singapore and Africa. A scale-up with a proven track record, Clarilis is positively disrupting the legal sector.

You can find out more about us here: www.clarilis.com

About the role

We are seeking a motivated individual to join our team as an innovation manager. This person will help shape our strategic choices relating to new and existing products for the legal market.

The successful candidate will:

- join an entrepreneurial team at the cutting edge of key technological developments in the legal sector;
- have exposure to a client base consisting of large global and top 100 UK firms; and
- work with a high calibre team, including lawyers and technologists.

This role will report directly to our CEO and will involve an exciting mix of innovation related activities, including research, strategy, client interaction and team discussions.

The role includes:

- Working closely with our C-Suite on new product development - without a requirement for a technical background - we have a product team
- Keeping up to date with LegalTech
- Liaising with clients in relation to future offerings from Clarilis
- Applying your knowledge of the legal market in new areas

- Conducting legal market and LegalTech market research
 - understand customer needs, market trends, and the competitive landscape
- Measuring the success of innovation initiatives
- Establishing a great working relationship with Clarilis' team and forward-thinking clients
- Proactively working with the Clarilis team to identify new client needs or evolutions of existing products

This opportunity would suit an innovative individual who:

- has experience of the legal industry, probably via:
 - a role in legal practice;
 - a KM or Innovation role; or
 - working in a LegalTech or similar;
- has a very keen interest in technology, especially GenAI and LegalTech;
- is curious and creative;
- is an excellent communicator;
- has experience of 'owning' projects;
- is commercially aware;
- is open, friendly and engaging;
- is a collaborator and team player;
- is capable of (and comfortable with) liaising with senior client stakeholders; and
- is independent and self-motivated.

You will be joining a friendly and supportive team in a company that offers an excellent work/life balance and challenging work. This position could accommodate either a full-time or part-time candidate. There is also an opportunity for remote work and a flexible working week.

EEO Policy

Clarilis is an equal opportunity employer. All qualified applicants will receive consideration for employment without regards to race, colour, religion, sex, national origin, disability, sexual orientation or any other characteristics protected by law.

Benefits

- Competitive salary
- Flexible and remote working arrangements (including hybrid and part-time working if required)
- Comprehensive health benefits (PMI, Dental and Optical)
- Life assurance
- Opportunities for professional development and career growth

Office Location: Leamington Spa
